## Mission

Empowering Single Parents to Lead Successful Families and Build Strong Communities.

## Vision

Our vision is that all children living in a single parent home will become productive contributing members of society.

## Objectives/Goals

- To encourage, educate and empower single parents to rise up and successfully lead their families to become contributing and productive citizens in their communities.
- To provide the framework for a mentoring and support program for single parents and their children.
- To coach the families in setting goals and writing a vision for their family and equipping them with the skills to execute their vision, mission and family guiding principles.
- To provide a life coach accountability partner for single parents and their children.
- To provide businesses with support for their single parent employees.

## Strategies

The Single Parent Support Network principle strategies include:

- Support Groups, Conferences, bringing nationally and locally-renowned single parent speakers as keynote presenters at events.
- Support Groups, Seminars and training programs, such as ReSTART™ (Re-Supporting, Teaching And Reaching Together).
- One on One consultations.
- Resource services.
- An annual scholarship award program for parent and/or children.

# Single Parents Are...

A single parent (or solo parent) is a parent, not living with a spouse or partner, who has most of the day-to-day responsibilities in raising the child or children.

- A widow or widower raising their children
- A divorced parent raising their children
- A biological dad or mom who are raising their children
- A foster or adoptive single parent that is raising children
- A single grandparent or other family member raising children
- A parent whose spouse is gone away for an extended period of time (i.e.: military)
- A parent whose spouse is ill for an extended period of time
- A parent whose spouse is incarcerated
- A parent who was never married
- A woman who was the victim of rape
- A single parent who has chosen artificial insemination as a way to conceive
- Surrogacy

I was so moved by the heart of SPSN for those in my position as a single parent. SPSN is doing so much to improve confidence, train and support single parents. Thoughts sparker in me that I don't just have to settle for what life has brought to me.

*Jennifer M., SPSN Member and Single Mom*

*In the heart of every single parent and in the heart of every child lies a treasure of dreams, gifts and talents waiting to be discovered...*

What single parents really need, beyond formulas, are stories of hope, challenge and triumph. Single parents will find a thousand tips in this book, but more importantly, they'll find friends who have walked the road before them and made it through with a story to share. Single parents don't have to feel alone, and this book is proof.

# Programs & Services

Over the past nine years, SPSN has launched several new programs and projects in response to the needs of our state's single parent families. These programs and projects include:

## ***Life Coaching***

Life coaching is a weekly support and accountability program for single parents and their families. This program is conducted via Teleconference or live in a small group setting with a qualified or professional serving as the facilitator and life coach allowing the single parent an opportunity to learn the life skills necessary for successful parenting and living.

Here are some of the topics covered in this program:

- Finding your Family Identity
- Anger Management
- Be Transformed
- Health and Nutrition
- Dealing with guilt and shame
- Boundaries
- Relating to your teenager
- Discover and Develop gifts in your children
- Parenting for Success
- Self Esteem/Emotional Healing
- Financial Management
- Intentional Sexuality
- How to talk to your kids
- Career Guidance
- Dating/Relational pitfalls
- Consumer to Creator series

## ***Support groups***

Our monthly support groups are facilitated by professionals and interns in the field of behavioral sciences. Group sessions are held for parent children and teens by age category. The parent and child are covering the same topic on the same day and the discussions are led by the professional to get the participant to express their life issues. Children are encouraged to express their emotions by discussion, art therapy, rhythmic and movement therapy, poetry and or animal therapy. Chapter support groups are being established across the state.

## ***Parents Night Out***

This is night set aside to give the parent and the children some respite care. Most single parents rarely get a break for the day to day routine of caring for their children and this day designed to give the family members a "reset". This evening is set up once a month at the chapter locations across the city.

## ***Adopt a Single Parent Family Mentoring Program***

The purpose of the "adopt a single parent family" mentoring program is to provide a foundational model for mentorship, accountability, and education for the single parent family. These families in partnership with two parent families will learn how to write out a vision for their lives and walk it out over time with accountability.

## **Wingspan**

Published in 2013, Wingspan, a collection of inspirational stories from single parents like Governor Mary Fallin, Anne Lemott, the parents of Ty Pennington, Donald Miller and more.

## **Signature Events**

### ***Queen For A Day (Founding event)***

The Queen For a Day event is our largest yearly event that focuses on Single moms and their need for a day of encouragement, education, royal treatment and pampering, a break from their kids and new insight as to how to keep going in this endeavor to successfully raise their children.

Single moms carry the burden of mom and dad, breadwinner, disciplinarian, chief cook, yard and handyman, cheer leader, cheer giver, visionary, employee, homework supervisor, financial analyst, chief decision maker, protector, and the list goes on and on ..... There was an immediate concern that single moms were either neglecting themselves or that they were neglecting their children.

Queen for a Day was launched almost a decade ago and at the first event we had about 30+ women in attendance. Our last event hosted approximately 300 women and about 300 kids.

### ***Mother and Son Conference***

The mom and sons event was designed to address the issues that single moms face in understanding males and in raising boys and also to help the boys and young men deal with issues that they are facing without the leadership of a dad in the home.

The moms learn about how to identify and understand their sons personalities and needs and how to best fill those needs and voids. They learn how the different personalities think, what their love language would be and how to lead them to success.

The boys and youth learn about leadership, responsibility and about making their siblings their best friend.

We work with the families to establish a family mission and vision, values and principles that they will live by.

Life Changing DAY!

# Employer & Employee Solutions

Every year, single parents make up an ever larger portion of the workforce. Perhaps out of necessity, many single parents offer their employers a greater level of commitment and effort.

Businesses can, in turn, support their single parent employees through SPSN's ReSTART™ resource. Within ReSTART™, SPSN provides the tools and training in life management, organization and other critical skills. By sponsoring SPSN, you are making a solid investment in your business and your employees.

Single Parents face unique challenges as they balance parenting, work and their own personal development and well being. They are also unlikely to be able to leave these at the door when coming to work causing their work productivity to be affected.

ReSTART™ (Re-Supporting, Teaching And Reaching Together), a chapter program that is designed to provide support for the millions of single parents in the United States who are looking for answers and success strategies to single parenting and raising their children.

The ReSTART™ program is the answer to many employer/employee issues and works much like an EAP or employee wellness program. To ease the integration into your wellness regimen, SPSN facilitators will guide your employees through the entire curriculum.

ReSTART™ will consist of an opening welcome orientation, core curriculum and an optional 7 expansion modules.

The Core Curriculum is a 12 session module that covers the following:

- Broken Pieces
- What Hurts? Identifying Personal Hurts and the Hurts of Your Children
- Getting Organized
- Anger & Communication
- Resources for Children
- Launching a New Journey
- Family Road Map
- How to Use the Road Map
- Launching Out on the New Journey
- Parenting through Change
- Family Finances
- Resources & Support

There are an additional 7 modules available to continue the success building strategy of engaging your employees that will expand on the key points associated to the core curriculum:

- 7 Habits of Soul Healthy Singles
- Getting' Ahead in a Just Getting' By World
- Parenting with Confidence
- Overcoming Health and Stress Challenges
- Financial Strategies for Single Parents
- Family by Intentional Design (FamilyID)
- Communication and Co-Parenting
